**Chair's Report on CC:DA Motions and Other Actions
January 19, 2010–June 18, 2010**

Motions and votes

The following is a record of motions made and votes taken between January 19, 2010 and June 18, 2010:

- A. *Greek Romanization Tables (2009)*:** The motion was that CC:DA authorize formation of the "CC:DA Task Force for the Review of the Proposed Romanization Tables (2009) for Ancient and Modern Greek" for the purpose of submitting a response to the Library of Congress. There were seven votes yes and zero votes no; the motion carried.
- B. *Report of the CC:DA Task Force for the Review of the Proposed Romanization Tables (2009)...*:** The motion was that CC:DA accept the report of the CC:DA Task Force for the Review of the Proposed Romanization Tables (2009) for Ancient and Modern Greek and use it, along with subsequent discussion, as the basis of a response to the LC proposed romanization tables for Ancient and Modern Greek. There were eight votes yes and zero votes no; the motion carried.
- C. *Review of Romanization of Greek*:** The motion was that CC:DA authorize formation of a "CC:DA Task Force for the Review of the Romanization of Greek." There were seven votes yes and zero votes no; the motion carried.
- D. *Review of ISBD Consolidated (2010 edition)*:** The motion was that CC:DA authorize formation of a "Task Force to Review the ISBD 2010 Consolidated Edition". There were seven votes yes and zero votes no; the motion carried.
- E. *Report of the CC:DA Task Force for the Review of the Romanization of Greek*:** The motion was that CC:DA accept the report from the CC:DA Task Force for the Review of the Romanization of Greek, to form the basis of an ALA response. There were 7 votes yes and zero votes no; the motion carried.

Other actions/Details

- ***Process questions regarding development of future Romanization tables***

Discussions between the Task Force, the Library of Congress representative to CC:DA, and the Chair revealed the need for better communications between the involved parties and in fact better identification of the actual parties involved since the other primary player is

CC:AAM but no alternative body had been identified previously for those languages/alphabets/scripts not under CC:AAM's purview. Commitment was made to discuss this during the CC:DA meeting. Input will be shared with CCS Exec and CC:AAM.

- ***Task Force for the Review of the Proposed Romanization Tables (2009)***

The report of the Task Force for the Review of the Proposed Romanization Tables (2009) was forwarded to the Library of Congress. The TF was subsequently discharged. The members were: Helen F. Schmierer, Chair; David T. Jenkins; George Johnston; Robert L. Maxwell; Anthony Oddo; and Robert Rendall.

- ***Task Force for the Review of the Romanization of Greek***

A second Task Force was necessitated by the narrow scope of the first Task Force's charge and its subsequent discharge. The second Task Force has a broader charge. Most immediately it was to review the revised table presented by LC and submit a report. But it has a larger task to see the process through to the end and eventual adoption of a joint ALA-LC table.
