RE: Added entry under title (21.30J): Follow-up revisions

At its meeting in York, September 9-13, 2002, the Joint Steering Committee approved 4JSC/ALA/43 (with revised wording from the Canadian Committee on Cataloging). In its response to 4JSC/ALA/43, the Library of Congress noted that this revision would require adjustments to rule 25.2E1 and to footnote 2 to rule 26.4B1. JSC agreed and asked ALA to prepare a follow-up proposal.

PROPOSED REVISION TO 25.2E1

If a work is entered under a uniform title, make an added entry under the title proper of the item being catalogued ~~unless the title proper is essentially the same as the main entry heading~~ (see 21.30J). Refer from any other variants of the title, including variant romanizations found in the item (see 26.4).
